Center for Sexological Hypnotism

THE CENTER

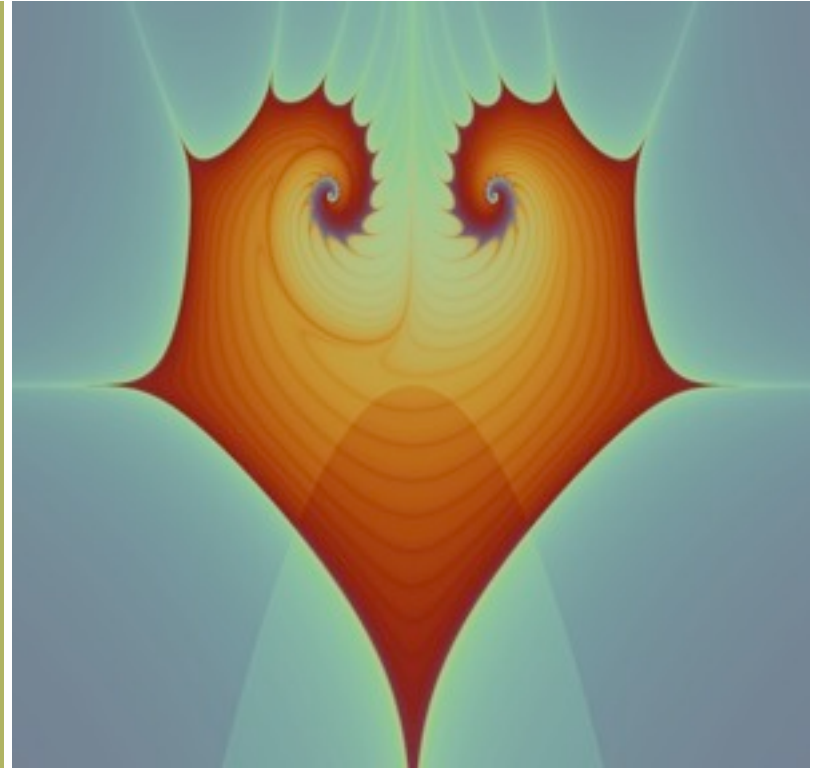

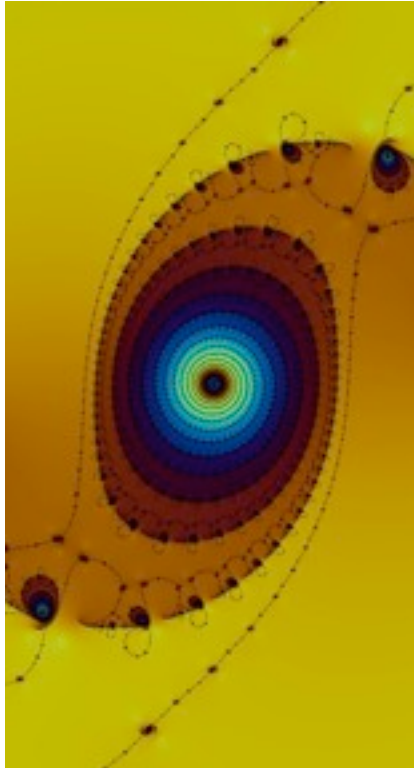

CSH provides professional and popular instruction in sexual enrichment; sexological and erotic hypnotism; sexology and erotology; and gender concerns. CSH was founded by Amy Marsh, EdD, DHS, ACS, CHt, a board certified clinical sexologist and certified hypnotherapist.

INSTRUCTION

Most of the CSH courses are designed and taught by Dr. Marsh. Gender-related courses are designed and taught by Asher Bauer, a writer, educator, film-maker, and activist specializing in queer, kink, and trans topics. Classes are offered online through webinars and self-paced programs.

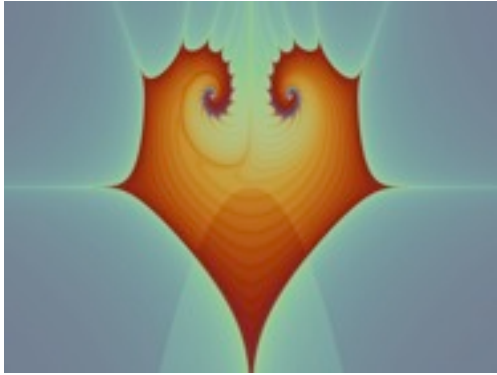

CREATIVE SEXUALITY

CSH offers its program of webinar and self-paced education through Creative Sexuality Education Corp. www.creativesexuality.org

Unique Classes in Sexual
Enrichment, Sexology & Hypnotism

Sexological Hypnotism

Sexology for Hypnotists & Other Helping Professionals

Sexology - the multidisciplinary approach to studying human sexuality - is the foundation for the following courses and the overall development of "sexological hypnotism." Sexological Hypnotism is hypnosis used for the management of non-medical sexual dysfunction, in exploration of sexual and gender concerns, and for the enrichment of sexual behavior. Courses contain background on the use of hypnosis in sex therapy, as well as erotic hypnosis.

The following five classes will start September - December 2012. The first classes will be given live, then taped and available for self-paced learning. Please contact CSH for more details and start dates.

THE ESSENCE OF INTIMACY - TRANSFORMING YOUR SEXUAL ATTITUDES

Self-Paced with Optional Webinars

A self-paced SAR ("sexual attitude restructuring") program for professional counselors, educators, social workers, and others who seek a wider understanding of human sexual behavior, function, and enrichment; and gender diversity. The student will be asked to respond to the material personally as well as consider it professionally. This course is self-paced: making use of materials, handouts, reading lists, explicit media, home study, experiential exercises, group discussions, recorded video lectures.

Monthly live webinar discussions will be included in the program - no extra charge to participants of the course. One 30-min. webinar or Skype meeting with the instructor also included, at no extra charge.

Starts May 2012. 46 Hrs. \$299

SEXOLOGY Classes for Clinicians

OBJECTUM SEXUALITY - WHAT IS IT? A CLINICIAN'S GUIDE

Taped, Self-paced

Objectum sexuality is an orientation toward the affectionate and erotic attraction to objects, landmarks, and transportation - often to the exclusion of erotic attraction to people.

This class offers an overview of objectum sexuality by one of the world's first sexological researchers into this topic. This class will broaden your understanding of human sexual and relational behavior, but the ultimate focus is on the OS client and how you can understand and effectively assist this person in his/her/hir goals.

You'll attend two, 1-hour, live webinar classes, plus spend additional time studying materials and videos.

Part One addresses Objectum Sexuality as a sexual orientation, and its links to autism spectrum conditions, object personification synesthesia, gender variance, and animism.

Part Two addresses social and clinical considerations for people with OS and the context of sexual human rights.

Available Now, 2 Hrs. \$70

ASPERGERS SYNDROME & SEXUALITY - CLINICIANS GUIDE

Live Webinar & Taped, Self-Paced

Introduction to socio-sexual problems faced by people with diagnoses or significant traits of Asperger's Syndrome and/or autism. Topics covered will include sensory dysfunction problems, sexual alternatives, gender expression, and the eroticism of "nerd" characters in media.

This class is partially based on a survey of 99 respondents, most of whom were diagnosed or self-identified as having AS traits. 17 partners of a person who showed significant traits also took part in the survey.

Starts May 2012, 2 Hrs. \$70
